

Six professional interior outfitters will present a jointly furnished ship suite at the cruise ship fair “Seatrade Europe” September 06.-08. 2017 in Hamburg / Germany.

We cordially invite you to contact us and to be our guest at the pavilion of
“Furniture Club – Made in Germany“: A4 booth 610 !

We pride ourselves of innovative products in distinctive quality “made in Germany”. They can be found in cabins, gastronomic areas and public spaces of cruise liners of renowned shipping companies, like Royal Caribbean, AIDA and Disney Cruise Line. Our broad choice, customer-designed solutions and flexibility offer perfect answers for interior design and comfort on board. We decisively contribute to create what each ship aspires to: an atmosphere of well-being and its own character with special accents. We add a valuable share to the realization of the individual expectations and needs, equally of the ship’s guests as well as of the contractor. Our products are most suitably designed for the typical requirements on board, especially regarding fire protection, reduction of space and weight, durability and well-being. We own profound experience and ample success in interior design solutions for ships, hotels and other contract business. Excellent consulting, speediness and absolute reliability characterize us as particularly customer-oriented partners for shipping companies, shipyards, architects and general contractors.

Interior design solutions provided by:

Flame retardant, intelligent fabrics for the contract market

First-class design seating and cabinet furniture with highest comfort

Individual carpet floor, IMO certified, created to the customer’s ideas

Convertible, space saving furniture – wall beds, murphy beds, sofa beds

Individual and standardized luminaires, option of using human centric light

Lightweight benches, sophisticated upholstery, foldable tables
